

Unit:	See below
Price:	Price on application
Duration:	See below
Location:	Our venue or your worksite for groups (please ask us for a quote)
Pre-requisites:	Unique Student Identifier.

It is recommended that the student has adequate health and fitness to carry out tasks safely, and adequate literacy and numeracy to complete the Assessment.

In accordance with WHS laws in Australia, Licences are no longer issued. Employers (or controllers of a plant) must ensure that operators have received adequate information and training to minimise the health and safety risk.

DATS offers formal face-to-face training & assessment in:

- **Tractor** - RIIMPO315E Conduct tractor operations*
- **Roller** - RIIMPO317F Conduct roller operations
- **Skid Steer** - RIIMPO318F Conduct civil construction skid steer loader operations
- **Backhoe/loader** - RIIMPO319E Conduct backhoe/loader operations*
- **Excavator** - RIIMPO320F Conduct civil construction excavator operations
- **Wheeled Front End Loader** - RIIMPO321F Conduct civil construction wheeled front end loader operations
- **Tracked Front End Loader** - RIIMPO322E Conduct civil construction tracked front end loader operations*
- **Tip Truck** – RIIVEH304E Conduct tip truck operations*
- **Dozer** - RIIMPO323F Conduct civil dozer operations*
- **Grader** - RIIMPO324F Conduct civil construction grader operations*
- **Scraper** - RIIMPO325E Conduct civil construction scraper operations*
- **Water cart** - RIIMPO326E - Conduct water vehicle operations
- **Articulated Haul Truck** - RIIMPO337E Conduct articulated haul truck operations
- **Rigid Haul Truck** - RIIMPO338E Conduct rigid haul truck operations*

* Subject to availability

Course Delivery

Training & Assessment - For applicants with little or no experience, who do NOT hold a previous licence:

- After enrolment and payment of required deposit, a learner guide and review questions will be provided to the student prior to course commencement. To fulfil the training requirements for this

course, the student must read through this, complete the review questions and bring both with them on the day.

- Student attends 1 day of face to face theory and practical training.
- On completion of training, the student will be issued with a logbook, which is to be completed on the job by a supervisor who holds the relevant qualification or licence.
- Once the student has completed the nominated hours of supervised experience (as determined by the trainer, based on the student's level of experience), and the supervisor is confident the student has reached the required level of knowledge in the safety and operation of the machine, the student can book in for their final review and assessment.

Note: If the student is unable to obtain on the job experience or employment to undertake the required logbook hours, DATS can arrange skills training with our trainer for an additional fee.

It is expected that a student with very little or no experience would need to undertake the nominal hours* of supervised work experience to acquire the necessary skills to be competent in the unit. Techniques used to enable judgements to be made regarding a student's competency include direct observation checklists, verbal and written questioning and practical tasks.

**Nominal hours:*

<i>Dozer/Grader</i>	<i>240 hours</i>
<i>Backhoe/ Excavator</i>	<i>200 hours</i>
<i>Front-end Loader/Scraper</i>	<i>160 hours</i>
<i>Skid steer/Roller</i>	<i>80 hours</i>
<i>Tractor/Tip Truck</i>	<i>60 hours</i>
<i>Water Vehicle/Articulated Haul Truck/Rigid Haul Truck</i>	<i>40 hours</i>

Assessment Only - For applicants WITH SUFFICIENT EXPERIENCE who may or may not hold a previous licence or competency and wish to be assessed for the Unit of Competency (if approved):

- Prior to enrolment, students must provide as much evidence as possible as to their experience operating the machine, e.g. a signed letter from an employer on company letterhead, or an old licence and a Referee Testimonial /Third Party Report (available from DATS).
- Once the student has provided adequate evidence of prior experience on the machine, they can submit their enrolment along with payment, and a Learner Guide and Review Questions will be issued for study purposes.
- Student attends a face to face review of their theory and practical skills.
- On completion of the review, if the student is deemed to have sufficient knowledge and practical ability, their final assessment will be conducted.

Course Content

The course outlines the following:

- Plan and prepare for operations
- Conduct machine operation
- Lift, carry and place materials (if applicable)
- Select, fit and remove attachments (if applicable)
- Prepare to relocate the machine (if applicable)
- Carry out maintenance

- Conduct housekeeping activities

Course Requirements

Students will need to wear appropriate clothing including a hi-visibility shirt/vest and enclosed shoes or boots, as well as meet all pre-requisites.

Course Fees

All enrolments are considered tentative until payment has been received.

Course Outcome

Upon successful completion participants will receive a Nationally Recognised Statement of Attainment in the relevant unit of competency.

Dickens Assessment and Training Services (DATS) is a privately owned Registered Training Organisation (RTO), providing quality training and assessments for individual students, industry and the vocational education and training (VET) sector. DATS was established in 2007.

We specialise in onsite and site-specific training and assessments and cover Verification of Competency in all courses offered. Our services cover all areas of Queensland and NSW. DATS also has training facilities at Pinkenba (QLD), Willawong (QLD), Coffs Harbour (NSW) and Macquarie Park (Sydney, NSW). DATS has access to plant & equipment to support the training programs.

The successful completion of one of our accredited training courses will provide your staff with a nationally recognised statement that has equal worth in all states and territories (individual licensing authorities set different requirements for their own states/territories).

SHORT COURSES OFFERED

Courses have two distinct phases, a training phase and an assessment phase. DATS has an extensive range of training programs accredited by ASQA.

RII Accredited Courses

- RIIHAN203E-Conduct lifting operations
- RIIHAN301E-Operate elevating work platform
- RIIHAN305D-Operate a gantry or overhead crane (remote control)
- RIIHAN307E-Operate a vehicle loading crane
- RIIHAN308F-Load and unload plant
- RIIHAN309F-Conduct telescopic materials handler operations
- RIIMPO315E-Conduct tractor operations
- RIIMPO317F-Conduct roller operations
- RIIMPO318F-Conduct civil construction skid steer loader operations
- RIIMPO319E-Conduct backhoe/loader operations
- RIIMPO320F-Conduct civil construction excavator operations
- RIIMPO321F-Conduct civil construction wheeled front end loader operations
- RIIMPO322E-Conduct civil construction tracked front end loader operations
- RIIMPO323E-Conduct civil construction dozer operations
- RIIMPO324F-Conduct civil construction grader operations
- RIIMPO325E-Conduct civil construction scraper operations
- RIIMPO326E-Conduct water vehicle operations

- RIIMPO337E-Conduct articulated haul truck operations
- RIIMPO338E-Conduct rigid haul truck operations
- RIIVEH304E-Conduct tip truck operations
- RIWHS202E-Enter and work in confined spaces
- RIWHS204E-Work safely at heights
- RIISAM203E-Use hand and power tools

TLI Accredited Courses

- TLIA1001-Secure cargo
- TLID0015-Load and unload goods/cargo
- TLID0020-Shift materials safely using manual handling methods
- TLIF0009-Ensure the safety of transport activities (Chain of Responsibility)
- TLIF2010-Apply fatigue management strategies

High Risk Work Licence Courses

- CPCCLDG3001-Licence to perform dogging
- CPCCLRG3001-Licence to perform rigging basic level - QLD
- CPCCLSF2001-Licence to erect, alter & dismantle scaffolding basic level
- CPCCLBM3001-Licence to operate a concrete placing boom
- CPCCLHS3001-Licence to operate a personnel and materials hoist
- CPCCLHS3002-Licence to operate a materials hoist
- TLILIC0022-Licence to operate a slewing mobile crane (up to 20 tonnes)
- TLILIC0023-Licence to operate a slewing mobile crane (up to 60 tonnes)
- TLILIC0021-Licence to operate a slewing mobile crane (up to 100 tonnes)
- TLILIC0020-Licence to operate a slewing mobile crane (over 100 tonnes)
- TLILIC0005-Licence to operate a boom-type elevating work platform (boom length 11 metres or more)
- TLILIC0018-Licence to operate a non-slewing mobile crane (greater than 3 tonnes capacity)
- TLILIC0024-Licence to operate a vehicle loading crane (capacity 10 metre tonnes and above)
- TLILIC0003-Licence to operate a forklift truck
- TLILIC0004-Licence to operate an order picking forklift truck

Additional Courses

- AHCMOM213-Operate and maintain chainsaws
- AHPCPM205-Fell small trees
- AURGA001-Drive and manoeuvre trailers
- CPCCWHS1001-Prepare to work safely in the construction Industry (White Card)
- MSMWHS216-Operate breathing apparatus
- MSMWHS217-Gas test atmospheres
- PMASUP236-Operate vehicles in the field
- Work near overhead powerlines*

Association Specific Courses

*EWPA Operator Licence - 'Yellow Card'

- Scissor Lift
- Cherry Picker (trailer mounted)
- Vertical Lift
- Truck Mounted lift
- Boom Lift < 11 metres
- EWP Transport Module

*TSHA Operator Licence – 'Gold Card'

*Non-accredited
