

Please complete all sections

Construction Skills Queensland (CSQ) is an independent industry-funded body supporting employers, workers, apprentices and career seekers in the building and construction industry.

To be eligible for CSQ funding, your scope of work for the industry needs to be relevant to residential works, commercial developments and civil construction projects such as:

- residential and commercial building construction;
- civil infrastructure.
- renovations and extensions of residential and commercial buildings
- installation services for interiors of residential and commercial buildings and the associated trades: electrical, plumbing, flooring etc
- land development and site preparation for the purpose of construction
- work for a designated Major Project including applications of heavy and civil engineering used in the construction of infrastructure

and this has to form the majority of your work to be considered substantially engaged within the industry to meet the eligibility determination in the act.

For a full interpretation of the Building and construction (Portable Long Service Leave) Act 1991 and your eligibility, please refer to <https://www.legislation.qld.gov.au/view/html/inforce/current/act-1991-090> or alternatively contact our office on 07 3868 3486 to discuss the CSQ eligibility.

Please indicate which one(s) best describes your work:-

- (1) The *building and construction industry* is the industry of **constructing, deconstructing, reconstructing, renovating, altering, demolishing, relocating, maintaining or repairing** any of the following –

- buildings;
- spa pools and swimming pools;
- roads, railways, airfields or other works for the passage of anything;
- breakwaters, docks, jetties, piers or wharves;
- works for solid waste disposal;
- works for subdividing or developing land;
- works for the improvement or alteration of a harbour, river or watercourse for navigation purposes;
- works for the storage or supply of water or for flood mitigation;
- works for the irrigation of land;
- works for the conveyance, treatment or disposal of sewage or of the effluent from any premises;
- works for extracting, refining, processing or treating materials or for producing or extracting products and by-products from materials;
- works for conveying products, by-products or materials;
- works for the drainage of land;
- (n) works for the storage of liquids, other than water, or gases;
- (o) works for the generation, supply or transmission of electric power;
- (p) works for telecommunication or for the transmission of radio or television;
- (q) bridges, viaducts, aqueducts or tunnels;
- (r) chimney stacks, cooling towers, drilling rigs, gas holders or silos;
- (s) pipe lines;
- (t) navigational lights, beacons or markers;
- (u) pile driving works;
- (v) sporting or recreational facilities;
- (w) earthworks, other than for farming;
- (x) fences, other than fences on farms;

- (y) structures, fixtures or other works not included in paragraphs (a) to (x), but not including earthworks for farming or fences on farms.
- (2) The **building and construction industry** also includes
- land clearing and site preparation, other than for farming.
- (3) The **building and construction industry** also includes the industry of, whether on or off site –
- (a) constructing a thing, other than ordinary stock for sale, in accordance with working drawings; or
 - (b) deconstructing, reconstructing, renovating, altering, demolishing, relocating, maintaining or repairing a thing, other than ordinary stock for sale, constructed in accordance with working drawings.

Please note: The following is NOT covered by CSQ funding

- (4) The **building and construction industry** does not include the industry of performing **maintenance or repairs of a minor nature** to anything mentioned in subsection (1) or (3) for a person not substantially engaged in activity mentioned in subsection (1), (2) or (3)

Examples of occupations and industries which are **not considered part of the building and construction industry** are **wholesale or retail suppliers of construction materials or other related products**, including but not limited to:

- Timber
- Landscape materials
- Transport and delivery providers
- Electrical goods
- Cement
- Manufacturers or fabricators
- fabrication of steel railings
- fabrication of house frames
- Repairing construction machinery

Eligible participants can only undertake 8 units of competency in total under the Short Courses Program (both Building & Civil). Within the 8 units of competency, you can only undertake **3 High Risk Work Licences & 3 mobile plant units**.

Regional and Remote areas will incur additional training, travel and accommodation costs.

Out of pocket costs will vary depending on participant numbers.
